Get Ahead of the Cold

Book your Annual Boiler Service now for peace of mind and a cosy home.

Firebird
The Future of Home Heating

Get Ahead of the Cold - Book your Annual Boiler Service now for peace of mind and a cosy home.

Prepare your Boiler for the Cold

Get ahead of the heating season by identifying and resolving potential issues before the cold sets in. Neglected boilers can pose risks. Servicing ensures a thorough inspection, cleaning, and testing, offering peace of mind for you and your household.

Boost Efficiency

Maximise your boiler's efficiency and cut energy costs. Boilers can accumulate dust and debris over time, reducing efficiency and increasing energy consumption.

Save on Costs

Upgrade to a Firebird Envirogreen condensing boiler and enjoy up to **€1,300** in annual savings on heating bills.With an impressive **97.5%** efficiency rate, Firebird Envirogreen condensing boilers consume less fuel, resulting in significant energy cost reductions.

Convenient Scheduling

Take advantage of the off-peak season. Secure faster service and flexible appointment times. Don't wait for the winter rush; book now and enjoy peace of mind throughout the season.
